

Supercharge Your Professional Handtruck

Work Smarter. Not Harder.

Supercharge your professional handtruck by adding a Clever Foot Lever™.

- *With the power of the Clever Foot Lever™ you can lift heavier loads with less effort, without sacrificing maneuverability in tight spaces.*
- *The retractable Clever Foot Lever™ is “there when you need it and out of the way when you don’t”.*
- *Offered in two designs: Bolt-on to your favorite professional handtruck or we can preinstall a Clever Foot Lever when you order a Magliner™ from us.*

Bolt-On

Our bolt-on design allows you to add the power and leverage of The Clever Foot Lever™ to your current hand-truck/dolly.

Installed

Our installed design gives you the power and leverage of The Clever Foot Lever™ preinstalled on a new Magliner™ here at the factory.
